**Description**

Admiralty Brass tubes in different specifications that are designed to serve for valued purposes of various industries like petrochemical, ship-building, power plants, desalinations plants etc. Admiralty Brass tubes have high strength, excellent hardness, superior ductility and good corrosion resistance. Besides this, our admiralty brass tubes have excellent machinability, formability and conductivity.

- Value Proposition**
- Competitive Pricing
  - Quality Assurance
  - Flexible LME price fixation
  - Committed to deliveries
  - Product Customization
  - Standard export pallet packing
